This activity supports Live Well San Diego, the County vision of a region that is Building Better Health, Living Safely, and Thriving. Funded by USDA SNAP, an equal opportunity provider and employer.
Matthew Burris is the Deputy City Manager over Community and Economic Development for the City of Rancho Cucamonga. He has over 17 years of experience working with local government working for a variety of private sector firms as well as for local governments as an employee. Matt also served as a Planning Commissioner for California’s newest City of Jurupa Valley. Matt has long been an advocate for healthier, sustainable, and equitable communities. He focuses on connecting policy with actionable implementation and, over the course of his career, he prepared some of the first health elements in California.

Helen Dowling is a Data Manager, Public Health Alliance of Southern California. Helen leads work to advance the Alliance’s data initiatives. With a background in sociology, information technology, and epidemiology, she contributes data analysis, GIS analysis, and data visualization to Alliance projects. Helen coordinated the development of the California Healthy Places Index (HPI), and provided expert guidance in the development of the HPI online mapping application. Helen has presented and led trainings on the HPI for small and large audiences in multiple sectors, including public health, environmental health, healthcare, local/regional planning departments, and non-profit advocacy groups.

Brenna Hawkins is a Health Equity Strategist with the Public Health Alliance of Southern California. Brenna Hawkins is the Assistant Planning Director for the City of Escondido, working on a range of projects that shape how we live in cities, communities, and regions of tomorrow. Mike has been working in the public sector since his graduation from UC Davis (BA in Political Science/Economics). He also serves as adjunct faculty at San Diego State University. He has a Master’s degree in Public Policy and Administration from Sacramento State University and a Master’s degree in City Planning from San Diego State University. He was a American Planning Association Board Member and Awards Chair/Scholarship Coordinator for the San Diego Section.
